PERSONAL QUALITIES

Quick learner, responsible, disciplined, adaptable, team-oriented, with strong time management and problem-solving skills.

PROFILE

Motivated and detail-oriented Junior Full-Stack Developer with hands-on project experience building responsive web applications and REST APIs. Skilled in frontend development with React and Next.js, and backend development with Node.js, Express.js, NestJS, PostgreSQL, and MongoDB. Eager to contribute to a development team and continue growing through real-world experience.

PROJECT EXPERIENCE

Full-Stack E-commerce Application

- Built a responsive furniture/e-commerce application using React, TypeScript, Redux Toolkit, and SCSS.
- Developed backend REST APIs with Node.js, Express.js, and MongoDB/Mongoose; implemented JWT-based authentication and product management.
- Currently developing a NestJS backend using Prisma ORM and PostgreSQL, including product/category data and shopping-list functionality.

EDUCATION

Yerevan State University

Faculty of Economics and Management — Department of Economics (Distance Learning)
